# Cancer Angels Are Real People!

## What Do Cancer Angels Do?

Cancer Angels learn more about cancer, its prevention, early diagnosis and treatment through our network.

Cancer Angels work with their friends, family and community to change fears and perceptions about cancer.

Cancer Angels engage in cancer prevention activities in their neighborhood.

Cancer Angels become a resource in the community to other cancer patients to offer one-on-one support and guidance.

## Someone Needs You, Get Involved!

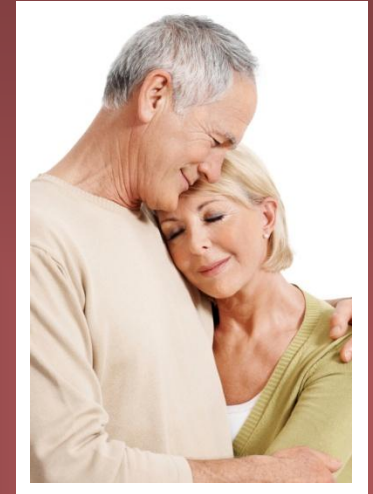

# THE CANCER ANGELS NETWORK (C.A.N.)

**C.A.N. is a program designed for cancer survivors and those whose lives have been touched by cancer in some form.**

Cancer Angels help educate the volunteers and provides support for them. This allows them to become resources for cancer patients, cancer related activities and early detection in their own family, friend circle and community. This is a cost-free network!

## Who Can Become a Cancer Angel?

- Any cancer survivor.
- Any previous or current caregiver to a person with cancer.
- Family member or friend.

## Why Become an Angel?

- To make a difference.
- To use your unique experience to help others.
- To be more fulfilled by giving back to the community.

## How Do We Help?

- Provide training and education.
- Provide ideas for community involvement.
- Provide resources with literature and supporting personnel.
